# NON-DEPARTMENTAL

## Functional Area Budget Highlights

The Non-Departmental Functional area includes three budgets not directly associated with, or controlled by, a specific county department. The **Non-Departmental General Fund** provides for a wide variety of purposes, which includes significant items such as: membership in the Southeastern Wisconsin Regional Planning Commission; consulting services that benefit the entire county; payment of special assessments on county properties; and receipt of state shared revenues. The **Health and Dental Insurance Fund** is an internal service fund, established to provide for and effectively manage the self-funded health benefits for county employees, elected officials, retirees and dependents. This fund also includes an Employee Wellness (Health Risk Assessment) program designed to improve employee productivity, morale and healthcare cost savings through health education and health focused activities. This fund budgets for the Waukesha Employee Health and Wellness Center for employees and retirees enrolled in county health insurance plans, with the goal of reducing prescription drug and medical costs. The center is operated through an intergovernmental agreement with the school district of Waukesha and the city of Waukesha, who are also participating. The **Contingency Fund** provides funds to respond to emergency situations and issues that could not be anticipated during the budget process.

- The **Tax Levy** necessary to fund this functional area totals \$92,100, which is the same as the 2020 budget.
- **Non-Departmental General Fund:** Expenditures decrease by \$47,200 in 2021. The county's share of Southeastern Wisconsin Regional Planning Commission (SEWRPC) allocation was reduced by \$36,600 which is due to a reduction in the regional levy. There is also a decrease in employee sick leave and vacation payouts of \$15,400. General fund balance has also been reduced by \$46,600 from the 2020 budget.
- **Health and Dental Insurance Fund:** Total expenditures increase nearly \$1.27 million or 4.8% primarily due to the following:
  - **Active Employee Health Insurance Program:** Expenditures increase \$1.3 million or 5.8%, mostly due to higher claims costs (by \$768,600), based on actuarial recommendation. (Premium rates charged to county departments and employees are budgeted to increase 13% to offset cost increases). Stop loss insurance coverage for higher-cost claims are budgeted to increase by \$534,600.
  - **Retired Employee Health Insurance Program:** Expenditures increase \$42,500, mainly due to higher anticipated claims costs of \$27,000, based on actuarial recommendation. (Premium rates charged to retirees, who pay 100% of plan costs, are increased to offset costs.) For the 2021 budget, the county plans to continue granting retired employees enrolled in this health plan access to the Waukesha Employee Health and Wellness Center onsite clinic to provide retirees with opportunities to save money for office visits, pharmaceuticals, and other medical services and improve the financial viability of the retiree plan through cost avoidance.
  - **Employee Dental Insurance Program:** Expenditures decrease \$217,000 due to lower anticipated enrollment.
  - **Waukesha Employee Health and Wellness Center:** Expenditures increase \$130,600 to about \$1.5 million, mainly due to an increase in contracted clinic staff by \$70,200 which is mostly due to the addition of a full-time physical therapist position and inflationary cost increases for other contracted clinic staff. In addition, due to higher relative utilization of the clinic by county employees, the county's share of clinic costs increases from 45% to 46% in 2021.
- **Contingency Fund** remains at the 2020 budget level of \$1.2 million, funded with appropriated general fund balance.

## FUNCTION / PROGRAM CHART

There are no positions associated with the Non-Departmental accounts.

**Statement of Purpose**

This agency is established to account for those revenue and expenditure transactions that are not directly associated with or controlled by a specific departmental operating budget. This budget also serves as a vehicle for one-time or short-term (five years or less) program appropriations.

**Activities**

This budget is the custodial responsibility of the Department of Administration. Items included are State Shared Revenue, non-benefit insurance premiums for certain departments, unemployment compensation, general feasibility and operational studies, funding of the retirement and sick leave payout reserve, economic development and tourism organization funding, certain special local property assessments of county owned land, funding for the county's membership in the Southeast Wisconsin Regional Planning Commission (SEWRPC), and funding for loss control and safety requirements which cannot be anticipated for county facilities and programs.

<b>Position Summary (FTE)</b>	<b>No positions are budgeted in this fund.</b>					

- (a) General government revenues include state shared revenue payments of \$585,000 for the 2021 and 2020 budgets. General government revenues also include estimated countywide indirect cost reimbursements (in excess of the amounts budgeted in the Department of Administration) received from state funding sources mainly for the Aging and Disability Resource Center Contract, Income Maintenance, and Child Support programs.
- (b) 2019 actual fines and licenses revenues exclude jail assessment fees of about \$530,800, which are accounted for in the Non-Departmental budget, but budgeted in subsequent years to help fund jail equipment replacement, related capital projects, debt service for jail related projects, and inmate medical services. Actual other revenues in 2019 exclude about \$436,600 in tax increment district dissolution funds and about \$16,300 in unclaimed funds revenue, which are budgeted in later years as General Fund balance due to their unpredictability.
- (c) Interdepartmental revenues include indirect cost recovery, mostly from county proprietary and special revenue funds, in excess of the amounts budgeted in the Department of Administration.
- (d) Appropriated General Fund balance for the 2021 Budget includes \$150,000 for the Waukesha Center for Growth, \$140,000 for retirement payouts from reserves for this purpose, \$153,400 of tax increment district dissolution funds from prior years, \$40,000 for county strategic planning, \$40,000 toward one-time employee severance/retention payments, \$30,000 of prior-year unclaimed funds revenues, \$30,000 for unanticipated consulting needs, \$30,000 for the Wisconsin River Rail Transit System, \$12,500 for a continuation of the county's contribution to the Milwaukee 7 Regional Economic Development Campaign. For a description of budgeted General Fund balance use in 2020, see footnote (a) of the Non-Departmental Program/Activity Financial Summary table later in this budget.
- (e) The 2020 estimate includes \$5,236,000 of grant revenues and expenditures related to the COVID-19 pandemic, above what is included in other budgets.

**2021 Specific Activities and Purpose:**

**SEWRPC Allocation:** Continue to provide funding for the county's share of the Southeastern Wisconsin Regional Planning Commission (SEWRPC) which provides regional planning, including: land use, transportation, water quality, flood-land management, and planned research for the seven counties in southeastern Wisconsin.

**Waukesha County Economic Development & Tourism Initiatives:** Waukesha County contracts with the Waukesha County Center for Growth to serve as the economic development organization to drive economic growth in Waukesha County with a vision to make Waukesha County the best place to do business. Waukesha County funds will be leveraged with funds from the city of Waukesha and other participating local governments, the Wisconsin Small Business Development Center, and private businesses. The county will continue support to Waukesha Area Convention and Visitors Bureau activity related to tourism and promotion.

**Milwaukee 7 Regional Economic Development Campaign:** The Milwaukee 7 is a regional, cooperative economic development platform for the seven counties of southeastern Wisconsin: Kenosha, Milwaukee, Ozaukee, Racine, Walworth, Waukesha, and Washington. The county is making an annual contribution of \$12,500 to the Milwaukee 7's Regional Economic Development Campaign.

**Wisconsin River Rail Transit System:** The Wisconsin River Rail Transit Commission (WRRTC) infrastructure project costs.

**Loss Control/ADA:** Continue to fund loss control and safety requirements and to fund measures necessary to comply with the federal Americans with Disabilities Act (ADA) that cannot be anticipated for county facilities and programs.

**Separation Payouts (Vacation/Sick Leave):** Continue budgeting for sick leave payouts that exceed normal budget amounts for large departments (reserves), based on an expected higher level of retirements (as baby boomers reach retirement age). Large service departments provide for most of this cost within their respective budgets. Continue to maintain an account to fund retirement sick leave and vacation payouts in administrative and small departments.

**Non-Represented Employee Maximum Sick Leave/Vacation Payouts:** Continue to fund the employee incentive payment for those who have maximized their sick leave accrual (maximum of 960 hours) in prior years. Continue to fund payouts for unused vacation time (maximum 40 hours) for non-represented employees who earn more than three weeks of vacation time during a year.

**Section 125 Plan Administration Costs:** Continue to fund the third-party administration of the county employees' Flexible Spending Account plans, which allow employees to set aside untaxed earnings for out-of-pocket health care expenses, which save the county the employer's cost share of FICA and Medicare payments.

**Severance/Retention:** Provide for the funding of a program establishing a severance budget and an incentive to remain employed with the county to the end of the year for employees that are laid off due to abolishing or unfunding their position in the budget process. Employees who leave before the end of the designated term or accept another county position are ineligible.

**Deferred Compensation Plan Consulting & Financial Education for Employees:** Continue to provide consulting services to the employee investment advisory committee for the deferred compensation plan and financial education services to active employees. This is offset by revenues (no tax levy) that the plan administrator shares with the county.

**Consulting/Grant/Other:** Continue to provide funding for special consulting studies identified during the year.

**Merchant Card Fees:** Provide funding for credit card and debit card processing fees in non-enterprise activities except for Parks and Land Use that budgets its own.

**Property Tax Payments/Special Assessments:** This appropriation reimburses county municipalities for the county portion of property tax refunds paid on successful appeals. It also funds special assessments on county non-park property.

- (b) Other revenue includes offsetting revenue to pay for the Deferred Compensation Plan consulting and county employee financial education services of \$30,000 in the 2020 and 2021 budget. No county tax levy is used to fund this expenditure.
- (c) Other general government revenue includes indirect cost recovery in excess of the amounts budgeted in the Department in the Administration. These revenues received from state funding sources are mostly from the Aging and Disability Resource Center Contract, Income Maintenance and Child Support programs.
- (d) Other revenues include municipal repayments for the police and emergency response units for the new countywide digital radio system of \$190,000 in the 2021 budget (\$190,000 in the 2020 budget), procurement card rebates estimated at \$45,000 in the 2021 budget (\$45,000 in the 2020 budget), and miscellaneous recoveries of \$65,000 in the 2021 budget (\$65,000 in the 2020 budget).
- (e) The 2020 estimate includes \$5,236,000 of grant revenues and expenditures related to the COVID-19 pandemic, above what is included in other budgets.

**Fund Purpose**

The Health and Dental Insurance Fund is an internal service fund established to provide for and effectively manage the health benefits for county employees, elected officials, retirees, and dependents. This fund consists of a self-funded active employee health insurance plan, a self-funded retired employee health insurance plan, a self-funded dental insurance plan, an employee wellness program, and the Waukesha Employee Health and Wellness Center. The Health and Dental Insurance Fund is used to account for all claims and costs filed against and paid by the county's self-funded insurance, the premiums paid into these plans, and costs associated with the wellness programs. This fund recovers its costs through charges to county departments, employees, retirees, and qualifying participants for COBRA (Consolidated Omnibus Budget Reconciliation Act of 1985) benefits. This fund provides budgetary protection by purchasing stop loss insurance coverage. A health insurance actuary is retained to assist with the determination of premium rates, insurance reserve levels, and effectiveness of wellness and health benefit changes to the total cost of the program.

- (a) Appropriated fund balance from Health and Dental Insurance Fund reserves for the 2021 Budget includes \$430,000 to cover a portion of estimated stop loss insurance coverage for high-cost claims in the Active Employee Health program, partially reflecting premiums in excess of costs in previous years, which will be phased down annually. Fund balance of \$251,800 is budgeted to fund the Wellness Initiative program, and \$1,424,279 is budgeted to fund most of the Waukesha Employee Health and Wellness Center. Appropriated fund balance from Health and Dental Insurance Fund reserves for the 2020 Budget includes \$645,000 to cover estimated stop loss insurance coverage for high-cost claims in the Active Employee Health program and \$30,000 in the Retiree Health program, partially reflecting premiums in excess of costs in previous years. An additional \$281,000 of fund balance is budgeted in the Active Health program to provide flexibility for unknown claims trends. Fund balance of \$251,800 is budgeted to fund the Wellness Initiative program, and \$1,293,100 is budgeted to fund most of the Waukesha Employee Health and Wellness Center.
- (b) Other revenues include one-time reimbursements from the county's stop loss insurer for high-cost claims of \$687,000 in 2019 and nearly \$2.2 million for the 2020 estimate. The remainder is revenue from prescription drug rebates.
- (c) Beginning in 2015, the county received an annual reimbursement of \$36,440 from the city and school district of Waukesha for their share of one-time facility improvement costs for the Waukesha Employee Health and Wellness Center, as specified in the signed intergovernmental agreement, spread evenly over four years. Beginning in 2019, the city and school district will continue their contribution (adjusted by their share of clinic costs) toward facility improvements to extend the useful life of the building at least five years.
- (d) Total expenditures and net operating income exclude fixed assets to conform with financial accounting standards. Fixed asset purchase orders will be funded with operating revenues, and existing fund balance is included in the fixed asset request.

Major Departmental Strategic Objectives

**Finance Pillar: Protect taxpayer investments**

Objective 1: Health Plan Costs. Control health plan rate of cost increase (or reduce costs). Contain health insurance cost trends, and/or the rate of premium increases through effective design changes, education, wellness initiatives and data management.

The increase in plan costs from the prior-year actual/estimate for the Choice Plus (Point of Service – POS) and high deductible health (with health savings account feature – HDHP) plans. Keep health insurance plan increases from prior-year estimate/actual lower than medical inflation rate.

**Active Employee Health Insurance**

**Program Description**

This program area accounts for all costs associated with the operation of the Active Employee Health Insurance program. This includes medical, pharmacy, and claims payments. The program also accounts for administrative expenses, stop loss insurance premiums, consulting fees, and other program-related services/expenses that may arise. This program area recovers its costs through premium charges to internal departments, employees, and COBRA participants. This program area also carries an actuarially determined Incurred But Not Reported reserve balance (outstanding claims paid in next fiscal year) as required for internal service fund accounting. Two health plans are offered to employees: (1) a self-funded Point of Service (POS) plan (Choice Plus) and (2) a self-funded high deductible health plan (HDHP) with a health savings account (HSA) feature. Newly hired employees are limited to enrollment in the HDHP plan. Both plans offer an incentive to employees for participating in the Health Risk Assessment Program, designed to help reduce the county's health insurance costs (see Wellness Initiative Program). The 2021 budget assumes that program participants in the POS plan will pay a lower premium costs share at 20% (vs. 30% for non-participants). Participants in the HDHP plan receive a higher employer HSA contribution at \$1,125/\$2,250 for single/family plans (vs. \$0/\$0 for non-participants).

(a) Other revenues for 2019 actuals include one-time reimbursements received by the county's stop loss insurance provider of approximately \$687,000. The 2020 estimate assumes \$2.2 million of stop loss reimbursement revenues. Remaining other revenues consist of prescription drug rebates. Stop loss reimbursements cannot be anticipated and are not budgeted.

**Program Highlights**

Based on actuarial recommendations, this fund estimates necessary premiums to cover costs associated with anticipated claims to be paid in 2021 (described below). Charges for service revenues include the employees' share of estimated premiums and are projected to increase \$321,000. Interdepartmental charge revenues include the county's share of estimated premiums and county contributions to employee HSA accounts charged to departments, and are projected to increase \$1,484,000, primarily due to a planned increase in premium rates of 13%.

Other revenues consist of prescription drug rebates and remain at the 2020-budgeted level. Appropriated Health Insurance Fund Balance of \$430,000 is budgeted to cover a portion of estimated stop loss insurance coverage (for higher-cost claims), to partially reflect premiums in excess of costs in previous years (fund balance subsidy being phased down each year).

Operating expenditures consist mostly of estimated claims costs for the county's self-insured health plans, which are budgeted to increase by about \$768,600 or 4.0%, from \$19.0 million to nearly \$19.8 million. Stop loss insurance coverage for higher-cost claims are budgeted to increase by \$534,600.

**Retired Employee Health Insurance**

**Program Description**

This program area accounts for all costs associated with the operation of the Retired Employee Health Insurance program. This includes medical and pharmacy claims payments. This program also accounts for administrative expenses, stop loss insurance premiums, consulting fees and other program-related services/expenses that may arise. This program area recovers its costs through premium charges to retirees. Retirees pay 100% of the premium cost. Actuarial consultants rate the retiree health insurance plan separately from the active employee health insurance plans.

(a) Other revenues consist of prescription drug rebates.

**Program Highlights**

Based on actuarial recommendation, which is separately rated from the active employee health plans, this program estimates necessary premiums to cover the costs associated with the claims anticipated to be paid in 2021. Charges for service revenues consist of the health insurance premiums paid by retirees (retirees pay 100% of premium costs), and are budgeted to increase due to a planned 25% increase in premiums. The premium revenue budget increases \$62,500 or 4.5% from the 2020 budget due to lower enrollment levels (see activity table, below). Other revenue consists of prescription drug rebates, and are budgeted to increase \$10,000.

Operating expenses include health claims expenses, increasing \$27,000. Stop loss insurance premiums increase by \$20,000.

For the 2021 budget, the county plans to continue granting retired employees enrolled in this health plan access to the Waukesha Employee Health and Wellness Center onsite clinic to provide retirees with opportunities to save money for office visits, pharmaceuticals, and other medical services and improve the financial viability of the retiree plan through cost avoidance. This access would be granted on a year-to-year basis. (See clinic program page for more information.)

Employee Dental Insurance

**Program Description**

This program area accounts for all costs associated with the operation of the self-funded Employee Dental Insurance program. This includes dental claims payments, administrative expenses and other program-related services/expenses that may arise. This program area recovers its costs through premium charges to internal departments, employees, and COBRA participants.

Charges for service revenue consist of the employees' share (10%) of dental premiums, and the county's share (90%) is in interdepartmental revenues, and are budgeted to decrease \$21,000 and \$196,000 based on lower anticipated enrollment. Premium rates are not changing for the 2021 budget.

Operating expenses consist mostly of dental claims costs of \$533,000, a decrease of \$217,000 based on lower anticipated enrollment.

**Wellness Initiative**

**Program Description**

This program area accounts for all costs associated with the operation of the Wellness Initiative program. This program is designed to improve the health and well-being of county employees' lives through health education and activities that will assist health plan members in understanding disease management and prevention along with programming. This is designed to support positive lifestyle change, thereby resulting in improved employee productivity, morale, and healthcare cost savings for the county and the employees. Program components include biometric screenings, health risk assessments, health coaching, program marketing and communications, and participation incentives.

Approximately 60% of the county's health plan contracts are family coverage. In an effort to increase employee participation in wellness-related activities, enrollees are required to participate in the county's Health Risk Assessment program (biometric screening; health risk questionnaire; and based on certain thresholds, a review of health risks with a health coach) in order to qualify for the following incentives: Program participants in the POS plan pay a lower premium cost share at 20% (vs. 30% for non-participants), and participants in the HDHP plan receive a higher HSA contribution at \$1,125/\$2,250 for single/family plans (vs. \$0/\$0 for non-participants). In addition to the biometrics, any employee or spouse who has three or more risk factors must meet with the health coach, one of the providers, or their own physician in order to receive the health plan incentives. 2020 would have been the first year for three or more risk factors (previously four), but the risk factor review was not required due to the rescheduling of the health risk assessment event until August due to COVID-19. This will resume for the 2021 event.

**Program Highlights**

Appropriated Health Insurance Fund balance is budgeted to cover program expenditures. Operating expenses mostly include biometric screening costs, which is budgeted to remain at the 2020 budget level of \$147,000. This budget also includes the contracted Employee Assistance Program (EAP), which provides counseling for employees and helps avoid other, more expensive outside services, and is budgeted to remain at the 2020 budgeted level of \$52,000. Remaining budgeted items include program incentives and other wellness services (e.g., diabetes management).

**Waukesha Employee Health and Wellness Center**

**Program Description**

This program area accounts for all the costs and revenues associated with the on-site Waukesha Employee Health and Wellness Center. The center has been established through an intergovernmental agreement between the county, city, and school district of Waukesha. The center is managed by a private sector organization whose primary focus and business objectives are the development, implementation, and management of employer-sponsored on-site medical clinics. The purpose of the clinic is to improve the short- and long-term health results of enrolled employees and their families by providing readily accessible, on-site health care services, with costs controlled through a multi-year contract that provides savings to both the county and employees. Most program costs are shared among the three members according to a formula according to the intergovernmental agreement. This formula is updated annually using a three-year rolling average of each entity's share of utilization. For the 2021 budget, the cost-share for the county, school district, and city will be 46%/32%/22%. The cost share for the 2020 budget was 45%/35%/20%. The budget displayed below represents only the county's share of costs (city and school district budget for their own share).

- (a) Beginning in 2015, the county received an annual reimbursement of \$36,440 from the city and school district of Waukesha for their share of one-time facility improvement costs for the Waukesha Employee Health and Wellness Center, as specified in the signed intergovernmental agreement, spread evenly over four years. Beginning in 2019, the city and school district continued their contribution toward facility improvements (adjusted by their share of clinic costs) to extend the useful life of the building at least five years.
- (b) Total expenditures and net operating income exclude fixed assets to conform with financial accounting standards. Fixed asset purchase orders will be funded with operating revenues, and existing fund balance is included in the fixed asset request.

**Program Highlights**

Beginning with the 2020 budget, the county initiated a pilot program granting retired employees that are enrolled in the county's health insurance plan access to the clinic. Higher retiree claims experience in recent years is requiring substantial increases in premiums charged to retirees (10% in 2019, 27% in 2020, 25% in 2021) whom pay 100% of premium costs, and granting access to the clinic will offer retirees opportunities to save money for office visits, pharmaceuticals, and other medical services and improve the financial viability of the retiree plan through cost avoidance. Retirees will be charged for office visits/pharmaceuticals similar to county employees enrolled in the high-deductible health plan. Initial results for this pilot indicate that there is likely no material subsidy of retiree health insurance from providing clinic access. Utilization will continue to be monitored and access granted on a year-to-year basis.

General government revenues consist of the city and school district's estimated share of facility-related costs. Charges for service revenues consist of estimated office visit revenues from county employees and dependents enrolled in the county's HSA health plan. Appropriated Health Insurance Fund Balance is budgeted to cover remaining program expenditures.

---

**Waukesha Employee Health and Wellness Center (Continued)**

Operating expenses increase by \$84,900, largely due to an increase in contracted clinic staff by \$70,200 mostly due to the addition of a full-time physical therapist assistant position and inflationary cost increases for other contracted clinic staff. Interdepartmental charges increase by \$45,700. Beginning in 2021, the department of Public Works Building Improvement Plan program will budget directly for facility improvement costs and then cross-charge this program for those costs (similar to how facility improvements at the Mental Health Center are accounted for). Previously, these costs were budgeted as a fixed asset memo item in this fund. For 2021, facility improvements include \$30,000 for tuckpointing and \$15,000 to replace HVAC mechanicals.

**Statement of Purpose**

To provide funds only for emergency and other situations which could not be anticipated or adequately planned for during the budget development and review process. In preparing agency budget requests, departments are required to identify all anticipated expenditures for projects and programs. The need for Contingency Fund transfer requests are determined by the County Executive and authorized by the Finance Committee in accordance with statutory authority and the County Board if requests exceed the statutory authority of the Finance Committee.
