

ADRC

Mission Statement

To provide older adults and people with physical or developmental/intellectual disabilities the resources needed to live with dignity and security and to achieve maximum independence and quality of life. The goal of the Aging and Disability Resource Center is to empower individuals to make informed choices and to streamline access to the right and appropriate services and supports.

“The ADRC intends to fulfill this mission with the assistance of our partners, older adults, adults with disabilities, their families, and the community as a whole including business, community agencies and all levels of government.

We hope that you will find the ADRC Resource Guide helpful. Please contact the ADRC if you need any further assistance.”

Mary C. Smith, Manager

Aging and Disability Resource Center of Waukesha County

About the Resource Guide

The ADRC Resource Guide is a publication of the Aging and Disability Resource Center of Waukesha County (ADRC) a division of Waukesha County Department of Health and Human Services whose purpose is to provide a source of useful and reliable information about services and programs for people with physical disabilities, developmental disabilities and older adults in Waukesha County. These services and programs are provided by the ADRC, as well as many other agencies and organizations in our community. Included is general information, including eligibility requirements, fees or donations when known. If more details are needed, call the telephone number listed or the ADRC at (262) 548-7848 or 1 (866) 677-2372, 8:00 am – 4:30 pm, Monday-Friday.

The publication of the ADRC is supported in part by funds provided by Greater Wisconsin Agency on Aging Resources, the State of Wisconsin Bureau on Aging and Disability Resources and U.S. Department of Health and Human Services.

The ADRC does not endorse, rate, comment, or evaluate resources, programs, or providers; therefore, the ADRC does not assume, warrant, or guarantee the quality of services provided. The ADRC does not imply any sort of endorsement by inclusion in this resource directory. All information in this guide is based upon the best information available at the time of publication, and the ADRC assumes no responsibility for changes, errors or omissions.

Request for Inclusion / Updates

It is the policy of the Aging & Disability Resource Center of Waukesha County (ADRC) not to include resource information on agencies that deny services based on age, race, religion, color, disability, sex, physical condition, developmental disability, sexual orientation, marital status, national origin or any other protected characteristic.

To be considered for inclusion:

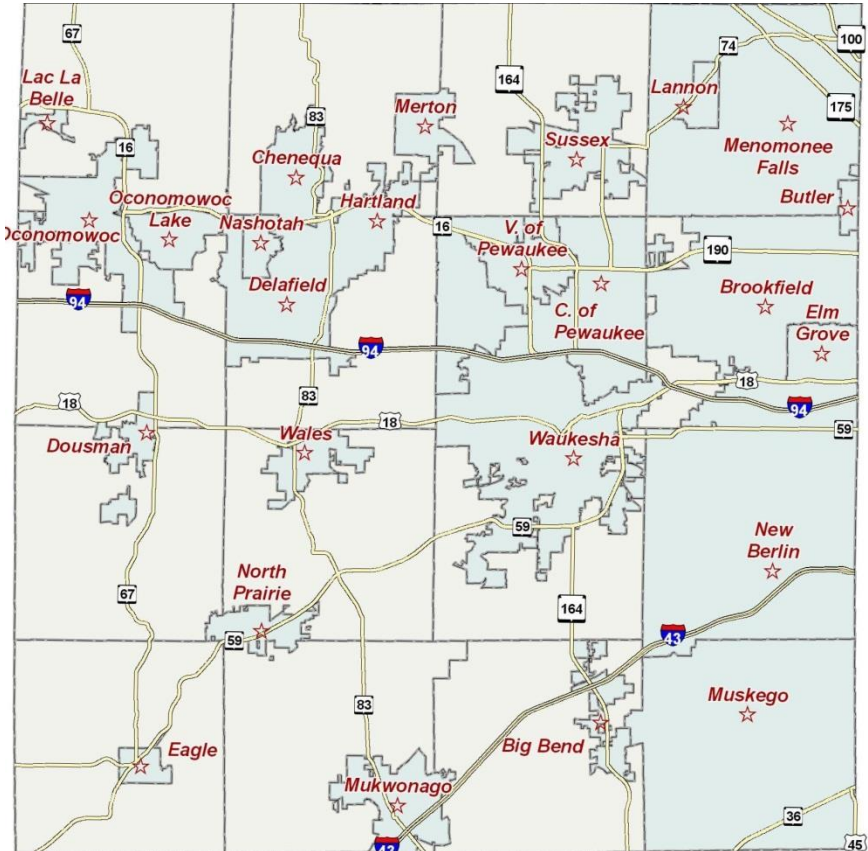

- Agencies must be in operation for a minimum of 3 years.
- Must provide services to Waukesha County residents.

All submissions are subject to approval and do not guarantee inclusion. Inclusion in the ADRC Resource Guide is a privilege, not a right. Inclusion does not signify an endorsement of any program or service and omission does not indicate disapproval by the ADRC. The ADRC will not contact you to confirm your inclusion. ADRC reserves the right to edit information to meet format, guidelines, and space requirements. The ADRC assumes no responsibility regarding the quality of services of agencies and programs in the ADRC Resource Guide.

If you have changes or would like to be considered for inclusion in the following year's guide, please go to:

AGING AND DISABILITY RESOURCE CENTERS

Aging and Disability Resource Centers (ADRCs) offer the general public a single entry point for information and assistance on issues affecting older adults, adults with disabilities, or their families. These centers are welcoming and convenient places to get information, advice and access to a wide variety of services. As a clearinghouse of information about long-term care, they are also available to physicians, hospital discharge planners, or other professionals who work with older adults or adults with disabilities.

ELDER BENEFIT SPECIALIST PROGRAM (EBS)

Through outreach, counseling, assistance, and advocacy, Elder Benefit Specialists (EBS)/Medicare SHIP Counselors help people aged 60 and over access public and private benefits. Most often, EBS assist with issues related to Medicare, Medicaid, and Social Security. However, EBS help with a wide array of public benefit programs, as well as some private health insurance issues, consumer debt, and housing issues. EBS are advocates who help clients to understand and exercise their application and appeal rights. An attorney is available to provide supervision and support to the program. There is no charge for services received from the EBS program.

The EBS program hosts “Welcome to Medicare” classes on the second Wednesday of each month, from 1pm-3pm or 5:30pm-7:30pm. It is suggested that you attend one class 2-3 months prior to starting Medicare. To register for this free class or for more information, please contact the Waukesha County ADRC or register online at:

www.waukeshacounty.gov/ElderBenefitSpecialistProgram

Medicare Open Enrollment is October 15th through December 7th. The Elder Benefit Specialist program provides information and assistance regarding Medicare Prescription Drug Plans (Part D) and/or Medicare Advantage Plans (Part C). Please contact the Waukesha County ADRC or sign-up online for help during the open enrollment period.

- The EBS program can also offer assistance in the following areas:
 - Benefit eligibility
 - Social Security, SSI
 - Medicare
 - Medicare Appeals
 - Medigap/supplemental policies
 - Medicare premium assistance
 - Extra help with prescriptions
 - Financial problems, budgeting
 - Housing (subsidized, landlord/tenant issues)
 - FoodShare
 - Medicaid (Title 19)

CONSUMER/CAREGIVER SUPPORT RESOURCES

ADRC (262) 548-7848

Alzheimer’s Family Caregiver Support Program (AFCSP):
Funding for qualified individuals to provide temporary caregiver respite care and purchase goods and services needed to help care for someone with irreversible dementia.

Resource Library: books, DVDs, brochures, and publications

Monthly Newsletter: Call to be on the mailing list.

Dementia Care Specialist: To help support and educate individuals with dementia, family, caregivers and community members.

National Family Caregiver Support Program (NFCSP):
Part of the Older Americans Act that provides funds to develop programs and services to support family and informal caregivers to care for older adults in their home for as long as possible. Services include providing information to caregivers about possible services, helping caregivers gain access to services, individual counseling, organization of support groups and caregiver training, and respite care.

Relatives as Parents Program (RAPP): Program open to Grandparents and other relatives age 55 and older who have taken on the role of surrogate parenting due to the absence of parents. The child being raised must be under the age of 19 or is age 19-59 with a disability. RAPP can provide support, networking, education, and respite.

Savvy Caregiver: An educational training program intended to train families and others about the unfamiliar role they face as caregivers of a relative or friend with Alzheimer’s disease or dementia. This training program helps family caregivers acquire and strengthen their knowledge, skills, and attitudes to empower them to be more intentional, strategic and responsive in their caregiving role. Participants gain knowledge to manage daily care, skills to adjust their approach and confidence to set and achieve caregiving goals. This is a 12 hour program delivered in 2-hour sessions over a 6 weeks.

Taking Care of You Training - Powerful Tools for Caregiving: Powerful Tools for Caregiving is a six-week curriculum that helps caregivers build effective communication skills, reduce personal stress, set realistic goals, make tough decisions, and communicate effectively with medical staff.

EDUCATION

ADRC HEALTH AND WELLNESS PROGRAMS

The ADRC of Waukesha County offers a variety of health and wellness workshops throughout the county. The primary goals of these workshops are to empower older adults to adopt healthy behaviors, improve their health status, and reduce complications of illness or injury. All workshops are led by trained leaders to ensure program guidelines and lesson plans are followed. Most of the programs offered through the ADRC meet the highest-level criteria as determined by the National Council on Aging and the Administration for Community Living. High-level evidence-based prevention programs are different from other health education programs because they are based on scientific research and are proven to have positive outcomes for safe and healthy aging. In addition to the workshops, the ADRC holds a series of monthly one-hour presentations on various health-related topics called A Cup of Health.

A Cup of Health

In collaboration with the Public Health division, the ADRC offers monthly health-related presentations through the *A Cup of Health* series. Presentations are held throughout Waukesha County and are usually one hour in length. Complimentary coffee and tea are served.

Boost Your Brain and Memory

Dementia is not a normal part of aging. Although genetics do play a role in whether or not we may develop dementia, studies prove that how we live our lives plays an even larger role. *Boost Your Brain and Memory* is a unique program that offers a whole person approach to brain health. Each of the eight-weekly sessions explores how different facets of living life effect our brain health. Participants learn how physical activity, emotional wellness, intellectual activity, nutrition, spirituality and social connectedness help keep our brain healthy and well-functioning.

Healthy Living with Chronic Pain

Living day-to-day with ongoing, persistent chronic pain presents numerous challenges. *Healthy Living with Chronic Pain* is a six-week workshop, participants learn skills and strategies that will help them meet the challenges chronic pain presents in their lives. Topics include: debunking the myths of chronic pain, balancing rest and activity periods, learning the Moving Easy Activity Program, medication management, and how to build action plans. Adults who have, or live with someone who has, chronic pain such as headaches, low back pain, arthritis pain, fibromyalgia, and neuropathy, and those people who support them are encouraged to sign up for this workshop.

Healthy Living with Diabetes

The *Healthy Living with Diabetes* program is ideal for any adult who has, or lives with someone who has, pre-diabetes or type 2 diabetes as well as those adults living with someone who has diabetes or pre-diabetes. Participants gain knowledge and learn new skills to increase their knowledge and confidence while managing diabetes. Monitoring, nutrition, exercise, and symptom management are some of the topics covered during these six weekly sessions. This program does not replace existing treatment, but serves to compliment a participant's current medical treatment plan.

Living Well With Chronic Conditions

The *Living Well with Chronic Conditions* program is designed for adults who have one or more chronic (ongoing) health condition. Heart and Lung problems, High Blood Pressure, High Cholesterol, Chronic Pain, Arthritis, and Asthma, as well as Crohn's disease and Depression are a few examples of a chronic or ongoing condition. During this highly participative six-week workshop you will learn practical ways to deal with complications that arise with ongoing health conditions. With mutual support participants learn to manage and maintain healthy active lives. Those who live with someone who has a lifelong condition will also benefit from this workshop.

Mind Over Matter: Healthy Bowels, Healthy Bladder (MOM)

The *Mind Over Matter* program helps women build the skills and confidence they need to avoid or improve symptoms of incontinence. Over the course of three sessions held every other week for a month participants will gain an understanding of how the bladder, bowels, and pelvic floor muscles work together, set and achieve personalized goals, participate in group problem-solving, and learn how to cope with setbacks. Research shows that bladder symptoms improve for 71% of participants and bowel symptoms improve for 51% of participants. MOM is appropriate for women who are aged 50 or older and live independently in a home or apartment.

Powerful Tools for Caregivers

There are often physical, emotional, and financial challenges that arise when caring for a family member or friend. *Powerful Tools for Caregivers* helps caregivers learn to reduce stress and improve communication with the care receiver, medical provider, family members and others. During this six-week focused workshop, participants learn how to develop action plans, solve problems, manage time and make caregiving transitions including tough decisions. Upon completion of this course, many participants report they were able to overcome the challenges that come with caregiving.

Savvy Caregiver

Savvy Caregiver is an educational training program intended to train families and others about the unfamiliar role they face as caregivers of a relative or friend with Alzheimer's disease or dementia. This training program helps family caregivers acquire and strengthen their knowledge, skills, and attitudes to empower them to be more intentional, strategic and responsive in their caregiving role. Participants gain knowledge to manage daily care, skills to adjust their approach and confidence to set and achieve caregiving goals. *Savvy Caregiver* is a 12 hour program that is delivered in 2-hour sessions over a 6-week period.

Stepping On

Stepping On is a seven-week program is perfect for adults who have fallen in the past year or for those who may have a fear of falling. This highly interactive workshop teaches simple exercises to improve strength and balance. Participants are empowered to take an active role in fall prevention. Local guest experts help the group adapt fall prevention practices for individual needs and levels. Weekly topics explore how vision, medications, sleep, home hazards and footwear can increase the risk of falling. *Stepping On* is for people who are age 60 or older, do not have dementia, and who live independently.

For more information or to sign up for one of the workshops, please call the ADRC at 262-548-7848 or visit www.waukeshacounty.gov/ADRCWorkshops/

ELECTED OFFICIALS

(Listing is current as of print date: October 2021)

How to Communicate with your federal and state legislators:

There are a number of ways to communicate with your elected officials. Contacting your Representative or Senator, or any public official, shows that you care enough about an issue to take the time to convey its importance to people who can help you make a difference. Mail service to the Capitol is significantly delayed due to increased security measures, so it is no longer the best way to quickly reach your elected officials. There are other ways to communicate such as phone, fax, email, personal visits, and attending public forums.

Identify your State Legislators:

Call.....(800) 362-9472
Website.....www.legis.state.wi.us

Identify your member of Congress:

Call.....(202) 224-3121
Websiteswww.house.gov, or www.senate.gov
E-mail for the White House may be sent to:
president@whitehouse.gov.

Written Correspondence

- **Identify yourself as a constituent:** Lawmakers give more weight to correspondence received from their district or state.
- **Bill numbers and issues:** In the first paragraph identify the bill number and/or the issue on which you want action and state what action you want, if appropriate.
- **Make your message personal:** Tell your own story about how it affects you, your family and community.
- **Ask a question (and get a response!):** By asking a question and seeking a response, in your fax or email, you show that you expect to continue the dialogue with the elected official.

- **Keep it to one page:** Try to deliver your message in one page and be sure your name and return address are clearly printed.

Visiting a Public Official

- **Prepare:** Plan what you want to say and stick to the issue. Keep your message simple, direct, and brief. Before you visit, learn as much as you can about the issues and the elected official with whom you will meet.
- **Strength in numbers:** Go with a group of people. Designate a spokesperson and an order of speaking.
- **Be on time.**
- **Always say thank you:** Remember to thank the legislator/staff before beginning the rest of your message.
- **Keep your message as focused as possible:** Be specific about bills you would like the legislator to vote in favor of or against. Try to present your key message/topic within five minutes.
- **Know how the issue affects you and/or your community.**
- **Tell your personal story:** You are unique! In telling your story you are conveying your message in the best possible way.
- **Talking to staff is useful:** Meeting with the staff person can be just as useful—or more so—than meeting with the elected official. It is important to educate staff members on your position because they will communicate your message to the official and have a significant role in shaping the official’s policies.
- **Bring materials:** Bring educational materials to leave with the legislator for future reference. Be sure to include your business card or contact information.

HOME HEALTH CARE / HOMEMAKER

Home Health Care agencies offer a wide variety of services ranging from errands, housekeeping, companionship and meal preparation to personal care such as bathing, assistance with dressing and undressing, toileting, and medication management. Some agencies also may provide transportation and skilled nursing care.

The ADRC does not endorse, rate, comment, or evaluate resources, programs, or providers; therefore, the ADRC does not assume, warrant, or guarantee the quality of services provided.

Questions to ask when hiring a person or agency for your loved one

1. What services do you provide (in detail)?
2. What services do you NOT provide?
3. How long have you (your employees) been providing this service?
4. What is the skill level of the provider- do they have specialized training or education?
5. What are your fees? Do you have any sliding-fee considerations?
6. Does your agency have experience working with _____(name your long term care program or insurance coverage)
7. Do you have any references that I can speak to about your services?
8. Am I required to enter into any contract with your agency?
9. Are you licensed and insured?
10. Are you listed with the Better Business Bureau?
11. Who will be my key contact at your business?
12. Do you provide services on nights, weekends or holidays?
13. Do you conduct criminal background checks on your employees?
14. Is there anything else that you would like to share with me about your agency/services?

HOUSING RESOURCES AND SENIOR PLACEMENT SERVICES

Companies that help families identify appropriate placement for senior housing options at no charge, may have limited options, providing referrals to only those facilities who are under contract. Please be aware that some agencies may charge a referral fee to the facility that you ultimately decide upon. This may result in an “application charge” to the consumer.

INDEPENDENT LIVING

Independent Senior Living facilities offer housing designed for older adults. Most facilities have recreation rooms / common areas to socialize and some have organized activities and also offer meal plans that can be purchased. Although these communities are designed for independent older adults, individuals can arrange for supportive services. Some of these facilities may offer below market rates based on income requirements. The following is a list of potential questions to ask of a new landlord or housing complex. This is not a complete list and not all these questions will apply in each individual rental situation.

These questions can be used for Independent or Subsidized housing complexes.

- Are there units available? If not, is there a wait list? How long is the waitlist?
- How much is rent and how is it calculated? Is there a minimum rent?
- Is there an age requirement?
- Can people with disabilities of any age apply? If so, what proof do you need?
- What is the security deposit?
- Is there a mandatory lease period?
- Is there a fee for the application?
- Any other requirements before or after the application process?

LOW INCOME / SUBSIDIZED HOUSING

Subsidized housing, sometimes referred to as low-income housing, provides immediate relief to tenants in the form of a rent subsidy. Tenants apply to receive a subsidy in which they generally pay a pre-determined percentage of their gross adjusted income. The remaining rent is paid directly to the landlord as a subsidy. There are many types of subsidies available and their characteristics are unique to each project/building. The listings to follow are all project based vouchers meaning the subsidy is tied directly to the building and is not portable. Applications can be completed online, or contact the apartment complex directly.

The following is a list of apartments that receive some form of housing assistance. Please contact each building to learn more about available apartments, waitlists and pet policies.

RESIDENTIAL CARE APARTMENT COMPLEXES

Assisted living options are classified as a **Residential Care Apartment Complex (RCAC)** or “Assisted Living”. An RCAC is a type of “assisted living” where five or more adults reside. Apartments must each have a lockable entrance and exit; a kitchen, including a stove (or microwave oven); and individual bathroom, sleeping and living areas. This living option also provides to persons who reside within the facility, a maximum of no more than 28 hours per week of the following services:

- **Supportive Services:** Activities related to general housekeeping, transportation to access community services and recreational activities.
- **Personal Assistance:** Services related to activities of daily living, e.g., dressing, eating, bathing and grooming. The most common meal plan utilized by tenants of the RCACs is that consisting of two meals per day. Some provide 3 meals.
- **Nursing Services:** Health monitoring, medication administration and medication management.
- **Emergency Assistance:** An RCAC shall ensure that a tenant’s health and safety are protected in the event of any emergency and shall be able to provide emergency assistance 24 hours a day.

RCACs are **not** for those persons who have a **physician activated** Health Care Power of Attorney unless they will reside within an apartment with a competent spouse. RCAC’s are also **not** for people who are so medically complicated that they require a higher level of daily care. Certified RCACs are inspected annually, via unannounced surveys and complaint investigations.

COMMUNITY BASED RESIDENTIAL FACILITY

A **Community Based Residential Facility (CBRF)** is a place where five or more adults reside in a community setting. Services provided include room and board, supervision, support services, and may include up to three hours of nursing care per week. CBRFs range in size from 5 to 257 beds. CBRFs can admit people of Advanced Age, persons with Dementia, Developmental Disabilities, Mental Illness, Physical Disabilities, Traumatic Brain Injury, and/or the Terminally Ill. The minimum age requirement for residing in a CBRF is 18 years old.

State licensing specialists inspect CBRFs every two years via unannounced surveys. However, a facility may be visited between these inspections if there are any complaints received by the department.

CLASS A Ambulatory (AA) - serves only residents who are ambulatory, mentally and physically capable of responding to an electronic fire alarm and exiting the facility without any help or verbal or physical prompting.

CLASS A Semi-Ambulatory (AS) - serves only residents who are ambulatory or semi-ambulatory, mentally and physically capable of responding to an electronic fire alarm and exiting the facility without any help or verbal or physical prompting.

CLASS A Non-Ambulatory (ANA) - serves residents who are ambulatory, semi-ambulatory or non-ambulatory but only if they are mentally and physically capable of responding to an electronic fire alarm and exiting the facility without any help or verbal or physical prompting.

CLASS C Ambulatory (CA) - serves only residents who are ambulatory but one or more of whom are not mentally capable of responding to an electronic fire alarm and exiting the facility without any help or verbal or physical prompting.

CLASS C Semi-Ambulatory (CS) - serves only residents who are ambulatory or semi-ambulatory but one or more of whom are not physically or mentally capable of responding to an electronic fire alarm and exiting the facility without help or verbal or physical prompting.

CLASS C Non-Ambulatory (CNA) - serves only residents who are ambulatory, semi-ambulatory or non-ambulatory but one or more of who are not physically or mentally capable of responding to an electronic fire alarm and exiting the facility without help or verbal or physical prompting.

ADULT FAMILY HOMES

For persons who seek small congregate care settings, **Adult Family Homes** (AFHs) are designed to house up to four persons. An AFH is defined as “a place where one to four adults who are not related to the operator reside and receive care, treatment or services that are above the level of room and board and that may include up to seven hours per week of nursing care per resident.” AFHs can admit people of Advanced Age, persons with Dementia, Developmental Disabilities, Mental Health Problems, Physical Disabilities, Traumatic Brain Injury, and/or the Terminally Ill. The minimum age requirement for residing in an AFH is 18 years. State licensing specialists inspect AFHs every two years, via unannounced surveys. However, a facility may be visited between these inspections if there are any complaints received.

PUBLICLY FUNDED LONG TERM CARE PROGRAMS

General information:

Many people need help accomplishing activities of daily living and caring for their health due to frailties of aging or an intellectual developmental or physical disability. This help, referred to as long-term care, includes many different services, such as personal care, housekeeping or nursing. Long-term care is provided in people's homes, in small and large residential care facilities or group homes, in nursing facilities, and in the workplace.

Publicly funded long-term care programs are designed to provide cost-effective, comprehensive, and flexible long-term care that will foster consumers' independence and quality of life, while recognizing the need for interdependence and support. These programs were developed to improve the cost-effective coordination of long-term care services by creating flexible benefits that include a large number of health and long-term care services that otherwise would be available through separate programs. In order to assure access to services, the State of Wisconsin contracts with Managed Care Organizations (MCOs) which develop and manage a comprehensive network of long-term care services and support, either through contracts with providers, or by direct service provision by MCO employees. MCOs are responsible for assuring and continually improving the quality of care and services consumers receive. Individuals participating in any of the publicly funded long term care programs may be required to pay a cost share as part of their eligibility requirements.

Anyone interested in learning more about options for their long-term care needs should contact the Aging and Disability Resource Center of Waukesha County at (262) 548-7848 or (866) 677-2372. Website: www.waukeshacounty.gov/adrc

Publicly funded long-term care programs serve adults with physical disabilities, adults with developmental disabilities and frail elders, with the specific goals of:

- o Giving people better choices about where they live and what kinds of services and supports they may receive to meet their needs.
- o Improving access to services.
- o Improving quality through a focus on health and social outcomes.
- o Creating a cost-effective system for the future.

Individuals with concerns or complaints about Publicly Funded Long Term Care programs should contact:

FAMILY CARE

The Family Care benefit is available through Managed Care Organizations (MCOs). Waukesha County offers a choice of three MCOs: **Community Care, Inlusa** and **My Choice Wisconsin**.

The MCOs serve adults in three primary target groups who have a long-term care condition expected to last for more than 90 days.

The three Family Care target groups are:

1. Frail Older Adults (65 years or older)
2. Adults with Physical Disabilities (18 years or older)
3. Adults with Intellectual/Developmental Disabilities (18 years or older*)

*ADRCs and MCOs can begin planning for children with physical or intellectual/developmental disabilities prior to their 18th birthday.

To be eligible for Family Care an individual be in one of the three target groups, live in Wisconsin, and meet the financial and functional eligibility requirements. The Long Term Care Functional Screen determines functional eligibility. The screen assesses an individual's medical status and level of independence in activities of daily living. Medicaid-eligible individuals automatically meet the financial eligibility criteria for Family Care.

Once enrolled in Family Care, you will be assigned a care team consisting of a care manager and registered nurse. You and your team will develop an individual service plan that will focus on your long term care needs. This plan will then be coordinated by your Family Care team.

For more information about Family Care go to:
www.dhs.wisconsin.gov/lcicare/INDEX.HTM

FAMILY CARE PARTNERSHIP

Family Care Partnership serves the same target groups described under Family Care. The Family Care Partnership option in Waukesha is offered by **Community Care** and **My Choice Wisconsin**. This option provides a full range of long-term care, primary, acute, and preventive care delivered through interdisciplinary teams that include a registered nurse, licensed social worker, nurse practitioner, rehabilitation and recreation therapists, dietitian and doctor who work together to ensure your complete social, personal and medical care needs are met. **Eligibility requirements** for Family Care Partnership are the same as those under Family Care.

For more information about Family Care Partnership go to:
www.dhs.wisconsin.gov/wipartnership/index.htm

PACE (PROGRAM OF ALL-INCLUSIVE CARE FOR THE ELDERLY)

The option of the PACE program through **Community Care**, is for individuals age 55 and up who also meet the **eligibility requirements** described under Family Care and Family Care Partnership. PACE is a nationally recognized model which provides a comprehensive program that fully integrates all Medicare and Medicaid covered institutional and community based services, including a full range of long term care and medical care. The interdisciplinary team is the same as listed under Family Care Partnership. PACE is an adult day centered model and includes coverage of many services including but not limited to dental, vision, hearing and foot care, home health services, transportation, caregiver respite, physical and occupational therapy, home delivered meals and end of life/palliative care.

IRIS (INCLUDE, RESPECT, I SELF DIRECT)

IRIS is Wisconsin’s Medicaid long-term support Self-Directed Waiver Program. It is available in Wisconsin with the same eligibility requirements as Family Care and Family Care Partnership. In IRIS, you direct your own services and supports rather than being managed by an MCO. The State contracts with an Independent Consultant Agency (ICA) and a Fiscal Employment Agent (FEA) that are available to assist you in managing your care plan. The ICA oversees a group of Independent Consultants (IC) who help you to plan for the support and services you need within the cost of your allocated budget (which is determined by the Long Term Care Functional Screen). Everyone in IRIS will receive help from a Fiscal Employer Agent (FEA). The ADRC will offer you options and you will choose which fiscal employer agent you want to work with. The fiscal employer agent does background checks on workers you hire, processes payroll, manages the amount of federal and state taxes to take out of your workers’ checks, and helps with other employer tasks.

RESPITE

Respite Care (Caregiver Assistance)

Relief time for an individual that is providing care for a sick, aging, or a person with a disability in respite. If you are providing care, you are a caregiver. Respite is possible when the individual who is being cared for is temporarily placed under someone else's care.

Respite is a name for a break for caregivers. This care can be short-term or occasional and is available in several forms: in-home care, adult day care, residential-based care, or camps. For details on respite options and possible financial assistance, call the ADRC at (262) 548-7848.
