I have been the Clinical Services Manager at Waukesha County since March, 2020, and have been in the mental health field for over 20 years. I started in counseling and psychiatric social worker positions, and have leveraged my leadership roles over the last 10 years to improve access and quality in mental health and substance use treatment services. I'm excited to be a part of the innovations we're implementing at the Mental Health Center, including the launch of Waukesha County's first Crisis Stabilization facility.
