

Wetlands:

The Wisconsin Department of Natural Resources maintains the Wisconsin Wetlands Inventory (WWI). WWI data is displayed on the [Waukesha County GIS](#) (zoom to your area of interest and check the “Environmental” box). Wetlands within the county’s zoning jurisdiction are zoned C-1 Conservancy Overlay District, consistent with the boundaries depicted upon the WWI. The WWI and the county zoning maps represent approximated wetland boundaries. In-field wetland determinations by a qualified professional may be necessary to locate actual wetland boundaries.
