FISCAL NOTE

MODIFY THE 2021 TRANSPORTATION FUND BUDGET TO APPROPRIATE REVENUES  
AND EXPENDITURES TO PURCHASE A TRUCK MOUNTED ATTENUATOR

This ordinance modifies the 2021 Department of Public Works – Transportation Fund – State Highway Operations Program budget to appropriate additional revenue and fixed asset expenditure authority in the amount of \$28,000. This will fund the purchase of a truck mounted attenuator to be used in highway operations.

The truck mounted attenuator is a device that attaches to the back of a patrol truck to help protect county work crews and the traveling public from severe consequences of rear-end crashes that may occur in work zones. It acts as a protective cushion device intended to absorb high-energy vehicle impacts and minimize the impacts of a crash. The truck mounted attenuator is certified and rated for vehicles traveling 70 miles per hour.

This equipment will be used primarily for work performed for the State of Wisconsin on county and state trunk highways and has an estimated 10-year useful life. If the county wanted to dispose of this equipment prior to the end of its estimated life, the county and the state must agree on the financial terms associated with this disposal.

The truck mounted attenuator will be paid for by the state via reimbursement to the county and the county will store and maintain the equipment as a county asset. The equipment will be transferred from the State to the county.

This ordinance results in no additional direct tax levy impact.
