SUBJECT: Proposed reduction of posted speed limit along CTH Y between Apollo Drive & 300 feet south of Cardinal Drive

This proposed lowering of the 45 MPH posted speed limit to 35-MPH along 1.5-mile of CTH Y (Racine Avenue) between Apollo Drive and Cardinal Drive was suggested by residents, the Muskego High School and two members of the County Board of Supervisors (Steve Whittow and Keith Hammitt).

The incidence of traffic accidents is well above the state average for this section's class of road. Most drivers having collisions in this segment of CTH Y were cited for inattentive driving, driving too fast for conditions and/or failing vehicle control. 13 of 84 crashes recorded during 2015-2020 involved serious injuries and one fatality.

Reducing the posted speed through this section of CTH Y would become consistent with the CTH Y existing posted speed limit in Muskego immediately to the north. Traffic volumes and collisions warrant reducing the posted speed limit of this section of road. Adding a precautionary '*Reduced Speed Ahead*' sign and increasing the number of speed limit signs are recommended.
