

Waukesha County Criminal Justice Collaborating Council Amended By-Laws

Preamble

Waukesha County began participating in the National Institute of Corrections' (NIC) Evidence-Based Decision Making (EBDM) Initiative in 2015. Waukesha County was chosen as 1 of 7 WI counties (the others include Chippewa, Eau Claire, La Crosse, Marathon, Outagamie, and Rock) to receive technical assistance from NIC in using research to inform and guide decisions across our local justice system.

Through EBDM, a Policy Team and 5 workgroups were formed to focus on specific justice system change targets identified by the Policy Team, to include:

- 1) Pretrial Workgroup
- 2) Case Processing Workgroup
- 3) Alternative Interventions Workgroup
- 4) Mental Health Workgroup
- 5) Victims' Rights Workgroup

Since the Initiative began, these workgroups, as well as the Policy Team, have been meeting regularly with an NIC consultant following the specific steps laid out in the EBDM [Framework](#), which suggests that "public safety outcomes will be improved when justice system stakeholders engage in truly collaborative partnerships, use research to guide their work, and work together to achieve safer communities, more efficient use of tax dollars, and fewer victims." As the EBDM Initiative draws to a close, the by-laws of the CJCC are being amended to incorporate Waukesha County's adoption of these evidence-based principles into the organizational structure of the CJCC.

The EBDM workgroups will replace the previous standing committees of the Council, which included:

Programs & Interventions Committee

- Explore ways of deterring initial entrance into the criminal justice system.
- Identify ways to reduce criminal recidivism and victimization by researching efficient and cost-effective alternative programs and processes for defendants and offenders in Waukesha County.

Public Relations & Education Committee

- Educate the public about initiatives, programs and services supported by the Council.
- Identify community concerns that are related to the responsibilities of the Council.
- Prepare a detailed, proactive public relations plan that will promote Council activities and initiatives.

Juvenile Justice Committee*

- Identify the issues and initiatives relating to juvenile justice.
- Examine current successful processes that might be relevant for the adult system and vice versa.

**The work of this Committee will be replaced by the Juvenile Summit Committee, with a representative member (Juvenile Court Judge) on the Council.*
