The following information must be submitted with this application:
1.   One electronic copy of an accurate site plan, drawn to scale (survey preferred) showing the lot dimensions, the location of all buildings on the lot in relation to
         the property boundaries, and the location of any conservancy, wetland, floodplain, and/or primary environmental corridor areas on the property.
2.   A grading plan showing detailed cross sections of the existing **and** proposed grade slopes, and how the project relates to adjoining properties.
3.   An erosion control plan detailing the installation of erosion control methods.
4.   A timetable for completing the entire project.
5.   A vegetation plan including types of vegetation used in the restoration, seeding mixtures, and a timetable for vegetation cover.

An incomplete application form, or missing information will cause a delay in the issuance of the permit, and the application may be returned for additional information. Construction must
start within six months and be completed within 18 months of the permit date of issue, unless modified herein.
The undersigned states that the foregoing information is true and accurate to the best of his or her knowledge. It is hereby agreed that for and in consideration of the issuance of a zoning
permit that the foregoing work will be carried out as defined in this application; all applicable ordinances or codes of the state, county, and town will be complied with in carrying out the
proposed work stated on the application; and work will not commence before a building permit has been obtained from the town building inspector, if applicable. If any changes or deviations
are made from the original application, a new permit is required. Failure to comply with the permit
as issued will result in the revocation of the permit or other penalties. This application must be signed by a representative of the Department of Parks and Land Use to
be valid. By signing this form, the owner/applicant is giving consent for the Department of Parks and Land Use to inspect the site as necessary and related to this application even if the
property has been posted against trespassing pursuant to Wis. Stat.; and serves as your acceptance of the wetland statement included on your Property Owner letter issued with your permit.
